

ADVISORY BOARD

The Advisory Board provides guidance and counsel to the school's faculty leaders on issues that impact the school's ability to carry out its core mission of providing a seamless fine arts college preparatory curriculum for students from 6th to 12th grade, preparing them for both college and careers in the visual, performing, and communicative arts.

The advisory board helps build relationships with key constituencies; increase awareness of the school; strengthen ties with the community; and provide valuable information from the broader community to faculty leaders.
